

ON-LINE UPS

ULTRA 1KVA

NEW

ULTRA - 1KVA

Rated capacity - 1KVAC
 Input Voltage range: 160VAC-276VAC
 Input Frequency range: 46-54Hz
 Input Power factor: >0.95
 Output Voltage: 220VAC+3%
 Output Frequency: 50Hz+0.5%
 Output Power factor: 0.7
 Output Overload capacity: 105%-10s; 130%-200ms
 Battery:
 Type: Maintenance-free, lead acid battery
 Rated voltage: 36VDC
 Standard capacity: 12V-7Ah 3pcs
 Standart Back-up time (half of full load): 14/5mins
 Charge time: 8 hours to 90% of full capacity
 Transfer time: Mains fall of recover - Zero interruption
 Noise at 1 meter distance: <45dB
 Indicator: Indicates load/battery capacity, UPS running states etc.
 Audible alarm:
 Battery discharge: Sounds every 4 seconds when mains fail
 Sounds every 1 second when battery exhausted
 UPS abnormal: Sounds continuously
 Communication interface: RS232, SNMP (optional)
 Operating environment:
 Temperature: 0°C-40°C
 Humidity: 10%-90% (no condensing)
 Gross weight (kg): 17 (9)
 Size (W*D*H) mm: 145*405*220

>>APPLICATIONS

The ideal power management solution for protection and power management for office servers and networked devices, web servers, telecommunications equipment and other mission critical applications.
